The New Jersey Cancer Education and Early Detection Screening Program (NJCEED) provide comprehensive screening services for breast, cervical, prostate, and colorectal cancer. The services include education, outreach, early detection, case management, screening, tracking, and follow-up. Breast, cervical, prostate and colorectal cancers can be treated more effectively when found early. Persons eligible for these services must be at or below 250% of the Federal Poverty Level and be uninsured or under-insured. For more information, please call 1-800-328-3838
